LB 801, 802

PRESIDENT: Any further discussion? If not, the question is the advancement of the bill. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 25 ayes, 0 nays on the motion to advance 801, Mr. President.

PRESIDENT: LB 801, the dog bill, is advanced to E & R Initial. LB 802.

CLERK: Mr. President, LB 802 is offered by Senator Labedz. (Title read.) The bill was introduced on January 6, referred to General File. I do have an amendment from Senator Labedz to the bill, Mr. President. (Amendment appears on page 292 of the Legislative Journal.)

PRESIDENT: Senator Labedz, please.

SENATOR LABEDZ: Thank you, Mr. President. Unfortunately, this is one of three Revisor's bills which do have amendments. Sometimes we find a section which we think is obsolete but find later that it may not be so obsolete and that is the amendment we have on LB 802. The bill itself is 42 sections long and would eliminate references to junior colleges, vocational tech schools, vocational tech colleges, municipal universities and the Municipal University of Omaha as these schools no longer exist. The bill also updates language in related sections. The bill also repeals 12 sections which are obsolete. After we adopt this amendment, which would strike Section 41 of the bill which is not quite obsolete, I would urge you to advance the bill, but first we must adopt the amendment to LB 802.

PRESIDENT: Any discussion on the amendment? If not, the question is the adoption of the amendment. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 28 ayes, 0 nays, Mr. President, on adoption of Senator Labedz's amendment.

PRESIDENT: The Labedz amendment is adopted. Anything further on it?

CLERK: Nothing further, Mr. President.

PRESIDENT: Senator Labedz.
